What is Credit Transfer?

Credit Transfer is a degree program in India where students can complete the complete 2, 3 or 4 year course in a single examination. The student is awarded a degree upon completing the course.

Eligibility Criteria for Credit Transfer Degree :

- Anyone with a break in any year of their education can sit for one sitting degree. The candidates must fill any of the below criteria.
- The student who have discontinued their education in the first year, the second year or even in their third year of the examination are eligible for this process.
- The students who have completed their higher secondary examination or graduation examination can opt for getting their higher degrees via single sitting examination.
- The last completed level of the examination must be completed from government recognised university or college.
- The students are given the option to choose between both classroom and distance mode of completing their education if they can show the proof of their last completed examination.
- Depending on their completed certification, the students are assisted to opt for lateral entry or continue their education from the next degree which comes after their last completed course.

Benefits of Credit Transfer Degree

- Getting a higher degree will help in getting promotions, higher packages, reputation in society. Credit Transfer examination is an amazing method which can provide the individual to get a forward leave in their life.
- The gap in their educational years won't stop them from getting ahead in life.
- The students can get higher education even if they have failed in their graduation examinations irrespective of the year of failing.
- The students will have the opportunity to move to lateral entry if after completing their diploma.
- Working individual or students can sit for one sitting the examination and complete their graduation from various universities.
- The student will be able to stabilize the educational journey and save the loss of years by sitting for one sitting the examination.
- The student can pursue their education via online and distance mode.
- The students won't be needed to attend regular classes on a daily basis hence they can do a day job or family business.
- Irrespective of the physical location of the student, he or she gets their required degree while staying at the preferred location.
- The students can save the cost of travelling and daily expenses and they can utilise that fund in pursuing their education.
- This will help them to increase their confidence in professional and personal life.
- All the degrees are MHRD, UGC recognised and the students can use their degree for getting their jobs in their favourite companies.
- The course fee of the degrees of the Degree such as BCA one sitting, MCA Credit Transfer, MBA, B.tech one sitting examination is very low from the conventional degrees.
- All the embassies have given approval to Credit Transfer course.
