# About Us

COUNCIL FOR TECHNOLOGY & SCIENCE KERALA (C-TECH) is an autonomous body, which is promoted by “Kairali Sevak Samaj” registered under Government of Kerala by The Travencore-Cochin Literary, Scientific and Charitable Societies Registration Act, 1955 . We are in the field of education services since 1993.

COUNCIL FOR TECHNOLOGY & SCIENCE KERALA (C-TECH) which includes education services, providing of training, sporting and cultural activities. COUNCIL FOR TECHNOLOGY & SCIENCE KERALA (C-TECH) is an autonomous vocational skill development institute approved by Ministry of Labour & Employment (DGE&T) Govt. of India. JAS-ANZ, an International Certification Joint Accreditation Body of Australia & New Zealand has certified with latest ISO 9001:2015 certification organisation.

COUNCIL FOR TECHNOLOGY & SCIENCE KERALA (C-TECH) promotes job-oriented, work-related, skill-based and life-coping education so as to develop new standards in the field of education, especially the implementation of job oriented programs all over the country and to facilitate the reach of education to unreachable. C-TECH is an academically independent self-financed autonomous certification body offering various industry integrated professional, vocational & job oriented diplomas & certification courses like Business Management, Hotel Management, Fire-Safety, Teaching, IT, Technical & Vocational, and Other Job oriented courses through regular, online, and distance learning mode.

C-TECH has more than 30+ approvals, certifications, and recognitions including 11 International (Including 9 Memberships & 2 Certifications), 12 National, 2 Regional, and 7 MSME bodies/councils. This makes us different and above from other Educational Institutions. C-TECH - Institute of Vocational Education system is being established firmly in India with a mission to take education to the doorsteps of the learners, enhancing social equality and creating flexibility for lifelong learning keeping in view 100% job opportunities. We, at C-TECH, cater to building strong blocks of skills and knowledge for people who want to get that added advantage and stay at the forefront of world-class competition. C-TECH has been established with the primary objective to enhance the skills of the youth of India to meet the increasing demands of a skilled workforce for modern Industrialization in India and Abroad. The rationalization provides for diversification of educational opportunities so as to enhance individual employability, and reduce the mismatch between demand and supply of skilled manpower.

C-TECH extends these Vocational Education Programmes, under National Vocational Education Mission which varies from three months to two years duration which comes in different departments based on course, through Vocational Training Institutes. It is an added advantage that the development of curriculum, extension of training, information dissemination, monitoring, evaluation, and consultant services and also the quality and standards of teaching professionals are up to the standards.

# Unique features:

- Council for Technology & Science Kerala (C-TECH) was formed under the auspices of the KAIRALI SEVAK SAMAJ (KSS) for the purpose of SKILL DEVELOPMENT. Kairali Sevak Samaj (KSS) is Established Under The Travancore-Cochin Literary, Scientific and Charitable Societies Registration Act, 1955, by Government of Kerala.
- An NGO registered by NITI AAYOG, Under Planning Commission Government of India. (The NGO DARPAN was earlier maintained by erstwhile Planning Commission, which has been replaced by the NITI AAYOG w.e.f. 1st January, 2015. The Portal, therefore, is being maintained at present under the aegis of NITI Aayog).
- Affiliated to Nehru Yuva Kendra Sangathan (NYKS), under Ministry of Youth Affairs & Sports, Government of India.
- Associated Member of Telecom Skill Sector Council (TSSC) under the Ministry of Skill Development & Entrepreneurship, Government of India.
- The KSS, which has been recognized for its various educational and welfare activities and skills development activities since 1993, has already won the awards. The Society leadership has received numerous accolades, including receiving awards from the Minister of Education for outstanding educational work.
- Thousands of students who have passed various vocational courses have found employment in government, Private Sector and Abroad. KSS believe that the legacy of the last 30 years is a great recognition for the organization.
- KSS collaborate with reputed universities in India, various government agencies and private entrepreneurs for skill development. The main aim of the KSS is to create a Skill Development and Education Network throughout Kerala and to provide job training through Council for Technology & Science Kerala (C-TECH) and relief to the unemployed youth. Currently, the skills development activities are being carried out in collaboration with renowned institutes like Jain University, Central Telecom Skill Sector and Rabindranath Tagore University.
- ISO:9001-2008 accreditation was one of the achievements of the Council for Technology & Science Kerala C-TECH during its inception. As part of this, Kerala PSC has approved some of the courses conducted by the Council for Technology & Science Kerala (C-TECH). Today the C-TECH is ISO:9001-2015 accredited. The C-TECH sees this as a great recognition.
- It is difficult to get a job today only with working skill. A Skill Proving Certificate is also required. That is why in most interviews, there is a situation of not getting a job. The Council for Technology & Science Kerala C-TECH conducts Skill Tests and certifies the skills of the student. The Council for Technology & Science Kerala C-TECH's certificate is recognized by large multinational companies such as Wipro and Infosys. It is also recognized for employment and higher studies in most countries of the world.
- The Council for Technology & Science Kerala C-TECH Certificate is approved for Embassy Attestation and Apostle Attestation except Saudi.
- Certificate issued by the Council for Technology & Science Kerala C-TECH is approved for registration with the Employment Exchange under the Government of Kerala.
- Registered under MSME, Ministry of Micro, Small & Medium Enterprises, Government of India.
- An authorised Training Provider of National Skill Development Corporation, Government of India.
- Exempted from Tax under Section 80G and 12A Act of Income Tax.

# Why C-TECH Training Centre ??

## **Become A Vocational Training Centre With Us**

The main goal of "C-TECH" is to impart quality vocational training to India's urban and rural youths, to make them self-sufficient and employable. Our franchise program is an initiative towards this goal. Let us join hands to reduce unemployment among youths of the districts, semi-urban and rural areas and make this mission a success. We are providing some free courses approved by the Government and also some highly popular courses tested and tailor-made according to the demand of the industries. These courses make us easier to place the students in different industries through our placement programs.

## **Our Support To The Training Centres**

### **Teaching Support:**

Study centers will be provided with a well-organized and tested teaching methodology for a wide range of need-based and job-oriented courses, well-researched study material according to the syllabus along with inputs from our research and development cell of the organization. We follow a unique teaching method that helps to make learning both a fun and enriching experience.

### **Marketing Support:**

C-TECH provides the materials required for marketing like pamphlets, leaflets, flex, brand promoting materials, banners, etc. Authorized study centres and franchise will be provided with all the necessary support for online marketing and inputs required to develop a standard, specialized training institute successfully in a cost-effective but efficient way.

### **Faculty Support:**

C-TECH thrives on the excellence of its teaching faculty. The two most important factor of sound skill development is teaching methodology and faculty. We continuously work on the teachers and faculty members by providing them with carefully crafted training materials and extending all support to enhance their teaching skills through interactions in occasional training camps.

### **Placement Support:**

C-TECH believes that placement assistance must be extended to freshers as most students who get enrolled are often confused about their job prospects or lack direction. They mostly fail to knock at the right door. C-TECH is providing placement assistance through their channel partners and continuously trying to assist maximum number of their students.

### **Admission Support:**

C-TECH announces various schemes of scholarship, competitions, discounts and many more. This helps to increase participation in your institute. All franchisees will be provided online admission support.

### **Cost Benefits:**

Compared to other similar organization, C-TECH is dedicated to serving students who are less privileged and belongs to ordinary background. All services we provide are either free or of nominal cost.

### **Guidance:**

Being the parent organisation, C-TECH makes sure that the member franchisee is strictly adhering to the rules and regulations laid down by it. Proper guidance is issued whenever required to maintain quality.

### **Government Projects:**

From time to time C-TECH undertake projects initiated and financed by governments. Fees for these courses are either free or costs very little and certificates are provided by the government.

# Who can join us as C-TECH Training Center ?

- Any Training Center who want Govt Recognition for running Computer Institute or Skill Development Institute.
- Any Person who want to start any Business School or Skill Development Institute.
- Any existing training Institutes who want better alliances and recognition from it's Institute.
- Any Individual who is going to start a fresh computer education center/coaching center/skill development training center.
- Any existing Institute or Training Center or Business School who are looking for placement partner for the job placement of students.
- Any Society/Trust/NGO who is running an existing training program but don't have a proper number of students.
- Training Centre especially running in Rural/Village area.

## Become C-TECH Training Centre cum Skill Test Centre...

For institutes interested in getting more information about our courses or franchisee process may Email/Call to us or fill franchisee form. We'll depute a person to explain various aspects including operational and legal angles. On successful and satisfactory verification of all facts and completion of documentation process we will give you rights to promote our courses in your institute.

Before we approve an institute to conduct courses designed by us, we ensure several basic aspects are in order; e.g. we ensure that your institute has an infrastructure; medium of instruction is plain English, Malayalam or as per the regional language; the staff is qualified and trained in accordance with prescribed rules etc.
